NuCO₂
BEVERAGE CARBONATION MADE EASY

The Right Size at the Right Price to Meet Your Requirements.
A Quality Beverage Program Means Happier Customers and Increased Profitability

The Old Cylinder Way Limits You

Having staff change and store cylinders takes you away from serving customers. **Too Much Hassle**

Losing profitable beverage sales when you run out of gas or serve flat drinks is bad for you and your customers. **Too Expensive**

Moving and handling cylinders is dangerous to your staff and your guests. **Too Risky**
Your fountain soft drinks and draught beer are perfectly carbonated with ONLY the highest quality, certified Beverage Grade CO₂ available.

1. NuCO₂, XactCO₂, Storage Tank (optional inside facility installation, if necessary)

2. NuCO₂ refills at scheduled intervals balanced to your usage requirements

3. Reliable
   - No business interruptions and no more waste from serving flat beverages.

   Economical
   - This critically important ingredient to your beverages costs less than 1¢ per serving.

   Convenient
   - Set it and forget it safety and convenience keeps you focused on serving your customers.
Certified Beverage Grade CO₂
You’ll never have to question the quality or safety of the CO₂ provided by our trained, professional staff. We deliver Certified Beverage Grade CO₂, the highest quality CO₂ available. Don’t confuse Beverage Grade CO₂ with inferior Food Grade.

Local Presence
Our national network of over 150 depots ensures you’ll never be stuck waiting around for carbonation. We are where you are.

24/7 Service
Our customer service team is available anytime to handle your carbonation needs – just give us a call at 1-800-472-BULK (2855). We’re here for you.

Service Excellence
From installation to scheduled fillings and maintenance, we’ll take care of everything so you can focus on pleasing your customers.

Best Value
Highest quality CO₂, available where you are, with seamless service and product delivery.
